Fun to play vs friends. You get all the online gamemodes as well as friendlies. Friendlies allows you to play with LITE users (Those who haven't bought this DLC) on any gamemode online with the friendlies. As such you can play more then just 8Ball but you can't get money from it. You don't get the trickshot sandbox sadly, unless i am mistaken. For the price it isn't too bad. Offline has more "content" though.. You get all the online gamemodes as well as friendlies.
