About This Game

About This Game

The Welcome To... Chichester series is set in a semi-fictional world where secret organisations covertly battle each other for ideological supremacy.

The Story

Sometime during your holiday in England, yourself and your friends receive an invite to "The Beach". Thinking the invite is for a private beach party, they are sorely disappointed when they end up at a haunted bungalow and tasked with finding three parts of a sword.

Will everyone survive ? Or will everyone succumb to the haunted chairs, lack of food and water - or perhaps even the perverted ghosts ?

This is a short side-story to the Welcome To... Chichester series, although you don't need to have played the previous games to follow this.

Android (ARM and Intel) versions are included.
